INTRODUCTION

What is America Supports You?

America Supports You is a Department of Defense program that connects our military members and their families with citizens who want to show their support by providing meaningful assistance. The ***America Supports You*** Website, www.AmericaSupportsYou.mil, provides a one-stop location where our service members can find hundreds of support organizations eager to help.

Why was America Supports You created?

The Department of Defense launched the ***America Supports You*** program in 2004 to showcase and communicate to U.S. military members defending our freedom around the globe what thousands of individual citizens, community groups, corporations, businesses and others are doing to support them and their families. With its subsequent success, ***America Supports You*** now supports the morale and welfare of our fighting forces by supplementing existing military support organizations that provide special services at no cost to military families.

Who is part of America Supports You?

This ***America Supports You – How You Can Help*** reference guide lists at least 400 homefront groups that provide direct tangible support such as care packages, financial assistance, help for the wounded and much, much more. Each organization listed in this guide is a not for profit organization. Although the Department of Defense cannot endorse any non-profit organization, we are grateful for the efforts of all of the homefront groups as they work each day to meet the needs of our military community.

When and how should people contact America Supports You?

If you know of a service member or military family in need of assistance, please see that they receive a copy of this reference guide or direct them to the Website at www.AmericaSupportsYou.mil. Also, if you know of an organization that should be included in this guide, contact the ***America Supports You*** team by e-mail at AmericaSupportsYou@osd.mil.

“The America Supports You program and participating homefront groups make a huge difference in the lives of service members and their families thanks to the commitment of people like you. Thank you for your support, your service, and your involvement in the America Supports You program. It matters.”

Admiral Michael Mullen
Chairman, Joint Chiefs of Staff

HOMEFRONT ORGANIZATIONS

For the most up-to-date listing of America Supports You members and services,
please visit www.AmericaSupportsYou.mil

A Million Thanks

Purpose: Has sent over 2 million letters of support to the troops.

POC: Shauna Fleming

Phone: (714) 282-9415
